LUKE TAYLOR: My priorities for Mitcham, Morden and Colliers Wood

The Labour Party are letting down the residents of Mitcham and Morden at every level of government. With a Liberal Democrat MP in Mitcham and Morden, things could be so much better:

- The Labour and Tory Parties support Heathrow expansion. Only the Lib Dems are fighting to stop more noise, more emissions and more disruption to Merton residents!

- I will hold the Council to account to ensure that Veolia fulfil the terms of their contract and clean up our mucky streets. I will also make sure the council provide more rubbish bins on our streets to reduce casually dropped litter.

- I will work with the council, TFL and the government to get funding for step-free

access at Tooting, Morden South and St. Helier stations to improve accessibility for disabled people, parents and carers with prams. I will also hold Southern Rail and Govia Thameslink to account for their poor services and demand changes if they cannot improve.

- I will work hard to bring quality businesses to Mitcham and Morden town centres to revitalise our tired and run-down shopping areas.

- I will work with with environmental groups, such as Friends of the Earth and local residents associations, to ensure that the climate emergency declared by the council is not an empty gesture.

I will be the local MP you deserve!

I look around the streets where I live, and I think that things could be better. If you agree then make a choice for change in this election and back me to be your Liberal Democrat MP and Build a Better Future in Mitcham and Morden.
